

F.No.CUSB/Dev/R&D Cell/2022/100

Date: February 20, 2025

**NOTICE**

The Central University of South Bihar remains committed to cultivating a thriving research ecosystem. To ensure a more research-conducive administrative framework, a Committee has been constituted to review the existing CUSB 'Manual of Sponsored Research Projects (MSRP) 2016' and to develop a new Manual in line with the General Financial Rules (GFR) 2017 including the recent directives of the Ministry of Finance, GoI regarding special provisions for Educational and Research Institutions.

This revision aims to address operational challenges in administering the Sponsored Research Projects (SRPs) and minimize the procedural channels for greater efficiency.

As part of this review process, a consultative meeting has been scheduled on **25<sup>th</sup> February, 2025 at 3:00 PM** in the Conference Room of the Administrative Building, wherein all Principal Investigators (PIs) — both those presently handling projects and those who have previously undertaken — are invited to share their insights. Their experiences, particularly challenges faced in the execution of projects, will serve as critical inputs in formulating a researcher-centric Manual.

The presence of all concerned present and past PIs is earnestly solicited to ensure a comprehensive deliberation. Your perspectives will be invaluable in shaping a truly pro-research document.

  
(Kumar Kaushal)  
Deputy Registrar  
&

Member of the  
MSRP Review Committee

Copy to:

1. All Principal Investigators (PIs) of awarded SRP by any funding agencies, CUSB
