**Target Group:** Faculty Members of Colleges/Universities and other  
Higher Education Institutions.

**Type of Programme:** Capacity Building Programme

**Mode:** Online

### About the University

Central University of South Bihar, Gaya (Erstwhile Central University of Bihar) was established in 2009 through Central Universities Act 2009 of Parliament. The University is progressive to carve a niche with its policies, programmes and pedagogical innovations for quality teaching and research. In its academic endeavour, it has significantly achieved a landmark in terms of infrastructure, laboratories, research projects, faculty recruitments, procedural tasks, along with conduction of innovative programmes being offered. With a motto, i.e., 'Gyan Seva Vimuktaye', the University has been conducting its academic and administrative activities in a 300 acre plot of land at Panchanpur (near Gaya town) in Bihar.

### About the School of Education

The School of Education in the University was established in 2013-14 by launching Four Year Integrated B.A.B.Ed. and B.Sc.B.Ed. programmes, and in 2017, M.Ed. Programme and Ph.D. Programme were started to cater the demand of quality teachers, teacher-educators and researchers in the field of education by the School of Education. At present, School of Education has two departments, namely: Department of Teacher Education and Department of Physical Education. Presently, the School of Education is running two centres namely- Centre for Learning & Pedagogic Studies and Centre for Assessment & Evaluation under PMMMNMTT Scheme, Ministry of Education, Govt. of India.

### PMMMNMTT Scheme, Ministry of Education, Govt of India

The Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNMTT) is Central Govt. scheme. This scheme envisages to address comprehensively all issues related to teacher, teaching, and teachers' preparation and professional development. The scheme focuses holistically in dealing with all the sectors of education (school education, and higher education including technical education) to empower teachers and faculty members through Workshops, Training Programmes, Refresher Courses, Faculty Induction Programmes, Academic Leadership Programmes, etc.

### About the Programme

Research is a key instrumentation for creation, expansion, improvement, stabilization and reformation/modification of any field of study or area of knowledge. Behavioural sciences, being a distinct area of study or domain of knowledge, are in many ways different from general sciences and many other fields of study with respect to their contexts, purposes, contents, methodologies, outcomes and so on. Research is inevitable in any field of study or area of knowledge for the structural and functional (or quantitative and qualitative) changes, but the perspective of research changes across the fields of study or areas of knowledge considering the nature, thrust and methodology of the fields of study or areas of knowledge. While the extent of use of scientific method in pure sciences/ basic sciences is more in rigour but the extent of use of scientific method in behavioural sciences is less in rigour.

Considering the perspective of behavioural sciences, the perspective of research in behavioural sciences becomes more thematic, narrative and analytical in comparison to the perspectives of research in pure sciences and their allied areas. Based on all these perspectives, a **Faculty Development Programme** is designed to provide adequate understanding to the stakeholders of higher education associated with the field of behavioural sciences regarding the latest perspectives of research in behavioural sciences. In this programme the interdisciplinary perspectives of research in behavioural sciences would be prioritized.

### Objectives of the Programme

1. To acquaint the participants with the context of conducting research in behavioural sciences.
2. To acquaint the participants with the similarities and differences among research in behavioural science and other sciences including general sciences.
3. To acquaint the participants with the different latest paradigms and research methodologies used in behavioural sciences
4. To acquaint the participants with the latest tools, techniques, processes and steps that are involved in research in behavioural sciences.
5. To involve the participants in hands-on-experience in conducting research in behavioural sciences.
6. To acquaint participants with issues, problems, challenges and future prospects of research in behavioural sciences especially from interdisciplinary perspectives.

### Topics

- \* Understanding research and its perspective
- \* Introduction to research in behavioural sciences
- \* Positivism, pre-positivism and post positivism paradigms of research
- \* Quantitative and qualitative perspectives of research
- \* Behavioural research process- focus, tools used and data analysis
- \* Participatory research
- \* Triangulation in behavioural research
- \* Phenomenological research
- \* Grounded theory
- \* Ethnomethodology
- \* Symbolic interactionism
- \* Constructivist perspective of research
- \* Case study and clinical study
- \* Naturalistic enquiry
- \* Interpretative study
- \* Narratives
- \* Policy research
- \* Historical research
- \* Issues and challenges to behavioural research
- \* Frontline areas of behavioural research
- \* Hands on experience/Presentation on behavioural research, etc.

**Participants (Minimum 30):**

Faculty members of Colleges/Universities and other Higher Education Institutions.

**Registration Fee:**

Rs. 1500/- per participant.

**Registration Process:**

Registration will be done on first come first serve basis.

*Permission letter from authorities is mandatory for attending this programme.*

**Registration link:**

<https://forms.gle/EtkMXv6tsnL2ejCS8>

**Important Dates:**

Opening the link for Registration: **26.10.2022**

Last Date for Registration: **16.11.2022**

Date of Confirmation: **17.11.2022**

**Certification:**

Attending all the sessions of the programme is compulsory for getting the certificate.

**Important:**

This programme is valid for promotion under Career Advancement Scheme (CAS) of UGC regulations.
